EXPERIENCE

All Soft Solutions & Services (IBM Partner)

June 2024 – July 2024

Full Stack Trainee (Summer Training)

- Worked on collaborative IBM enterprise projects, gaining hands-on experience in Java, MySQL databases, and backend integrations.
- Followed version control (Git) and industry best practices for modular software testing and code audits.

PROJECTS

RechargeHub | Digital Utility Billing App

December 2025 – May 2026

HTML5, CSS3, JavaScript, Node.js

- Created a bill recharge portal featuring provider plan lookups, secure checkouts, and dynamic invoice generation.
- Logged transaction history locally using browser storage for recruiter-focused invoice audit trails.

Deployed Link: <https://rechargehub-amber.vercel.app/>

Studivo | EdTech Workspace

March 2025 – April 2025

React.js, Vite, LocalStorage, CSS3

- Developed a student study tool integrating customizable focus timers, note boards, and study guides.
- Implemented interactive tutor hosting enabling users to upload and share learning videos.

Deployed Link: <https://studivo-nine.vercel.app/>

NutriFit-AI | Fitness & Calorie Tracker

March 2024 – May 2024

React.js, Node.js, LocalStorage, CSS3

- Developed a React tracking application to calculate daily calorie metrics and manage personalized meal targets.
- Used persistent LocalStorage states to sync user profiles, meal plans, and historical diet records.

Deployed Link: <https://my-health-fitness-react-app.vercel.app/>

PROFESSIONAL DEVELOPMENT

- Regularly contribute to GitHub projects, including open-source contributions.
- Participated in Hack-a-Throne 1.0 (AIESEC), collaborating with peers to build innovative solutions.
- Smart India Hackathon (SIH): Collaborated in a team of 6 to build PeakSense, a Delhi electricity demand forecaster using React.js and Chart.js.

CERTIFICATIONS

Algorithms on Strings | University of California San Diego (Coursera)

February 2024

Server-side JavaScript with Node.js | NIIT (Coursera)

March 2024

Dynamic Programming, Greedy Algorithms | University of Colorado Boulder (Coursera)

April 2024

Hack-a-Throne 1.0 Certificate | AIESEC

August 2024

Cloud Computing | NPTEL (Scored 74%)

November 2024

Project Management Certification

September 2025

TECHNICAL SKILLS

- **Languages & Web:** Java, JavaScript, PHP, C++, C, SQL, HTML5, CSS3, Bootstrap, React.js, Angular.js, Next.js, Node.js, Express.js
- **Backend & Enterprise:** Spring Boot, Spring MVC, Hibernate, JDBC, Maven, Socket.io
- **Databases & Tools:** MySQL, MongoDB, Git, GitHub, VS Code, AWS, Docker
- **Key Competencies:** Teamwork, Problem-solving, Adaptability, Competitive Programming

EDUCATION

Lovely Professional University

Punjab, India

Bachelor of Technology – Computer Science and Engineering: CGPA 7.5

Since August 2022

Auxilium Convent School, Bandel

Kolkata, West Bengal

12th with Science: Percentage 82.4%

April 2018 – March 2020

Auxilium Convent School, Bandel

Kolkata, West Bengal

10th with Science: Percentage 85.6%

April 2016 – March 2018
